Make the Most of Your Social Media Platforms

Best Practices for Identifying the Most Impactful Platforms

Each social media platform has a unique audience with equally unique engagement habits. To make the most impact with this social media toolkit, please consider the following:

There are five commonly agreed upon generations currently identified in the United States. Each of these generations leverage specific social media platforms, including:

- **Gen Z, iGen, or Centennials:** Born 1996 – TBD
 - ▷ TikTok, SnapChat, YouTube
- **Millennials or Gen Y:** Born 1977 – 1995
 - ▷ Instagram, Facebook, Pinterest

 - ▷ NA

When choosing where to post, consider your patient roster, and select the appropriate platform accordingly.
